Any one or more of the members of the Committee may participate in a meeting of the Committee by means of conference call or similar communication device by means of which all persons participating in the meeting can hear each other.

All non-management directors who are not members of the Committee may attend meetings of the Committee, but may not vote. In addition, the Committee may invite to its meetings any director, member

of management of the Company, and such other persons as it deems appropriate in order to carry out its responsibilities. The Committee may also exclude from its meetings any persons it deems appropriate.

DUTIES AND RESPONSIBILITIES

The Committee shall carry out the duties and responsibilities set forth below. These functions should serve as a guide with the understanding that the Committee may determine to carry out additional functions and adopt additional policies and procedures as may be appropriate in light of changing business, legislative, regulatory, legal, or other conditions.

The Committee will have the following duties and responsibilities:

1. The Committee shall review the status and effectiveness of the Company's environmental initiatives generally, including processes to ensure compliance with internal policies and applicable laws and regulations, with a focus on providing a desirable outcome for the Company's stakeholders.
2. The Committee shall review emerging risks and opportunities associated with Sustainability Matters relative to the Company that have the potential to impact its reputation and business performance; specifically, environmental matters that relate to energy use, water use, sustainability, recycling, pollution, and the handling of hazardous waste.
3. The Committee may recommend that the Board adopt specific plans or strategies related to Sustainability Matters. If such plans or strategies are adopted by the Board, the Committee shall review such plans or strategies and, to the extent possible and advisable, satisfy itself that they are integrated into the Company's strategic plan.
4. The Committee may recommend that the Board adopt annual sustainability goals, metrics, and targets for the Company. If such goals, metrics, and targets are adopted by the Board, the Committee shall annually assess the performance of the Company against those goals, metrics, and targets.
5. The Chair of the Committee will confer with the Chair of the Company's Audit Committee to coordinate oversight of the Company's financial reporting as it relates to sustainability reporting matters or related regulatory requirements.
6. The Committee shall consider any other matters pertaining to sustainability that may be referred to the Committee by the Board or another Board committee.
7. The Committee shall review and satisfy itself, to the extent reasonably possible, that the Company has sufficient resources to comply with applicable requirements related to Sustainability Matters.
8. The Committee shall report to the Board on current and emerging topics relating to Sustainability Matters that may affect the business, performance, or public image of the Company or are otherwise pertinent to the Company and its stakeholders.
9. The Committee shall have the authority, in its sole discretion, to retain and obtain the advice and assistance of outside legal counsel and such other advisors as it deems necessary to fulfill its duties and responsibilities under this Charter. The Committee shall set the compensation, and oversee the

work, of its outside legal counsel and other advisors. The Committee shall receive appropriate funding from the Company, as determined by the Committee in its capacity as a committee of the Board, for the payment of compensation to its outside legal counsel and any other advisors. However, the Committee shall not be required to implement or act consistently with the advice or recommendations of its legal counsel or other advisor, and the authority granted in this Charter shall not affect the ability or obligation of the Committee to exercise its own judgment in fulfillment of its duties under this Charter.

Annual Performance Evaluation

The Committee will perform a review and evaluation, at least annually, of the performance of the Committee, including reviewing the compliance of the Committee with this Charter. In addition, the Committee will review and reassess, at least annually, the adequacy of this Charter and recommend to the Board any improvements to this Charter that the Committee considers necessary or valuable. The Committee will conduct such evaluations and reviews in such manner as it deems appropriate.
